Objective

Computer Science undergraduate with a strong interest in data-driven problem solving. Experienced in Python, Data Visualization, and Machine Learning, with a focus on building efficient, scalable solutions. Seeking opportunities to apply analytical thinking and software development skills to real-world challenges through impactful projects.

Education

Vellore Institute of Technology, Amaravati

Sept 2023 – Present

B.Tech in Computer Science

- CGPA: 8.89/10.0
- **Relevant Coursework:** Object Oriented Programming, Data Analytics, Machine Learning, Database Management Systems, Data Structures and Algorithms, Design and Analysis of Algorithms, Digital Image Processing
- **Clubs:** Microsoft Student Chapter, Laetitia

Sri Chaitanya Junior Kalasala, Hyderabad

May 2021 – May 2023

Classes XI - XII

- Class XII: 96.8%
- Cleared JEE Mains with 95.59%

Bhavan's Sri Ramakrishna Vidyalyaya, Hyderabad

Apr 2011 – Apr 2021

Classes I - X

- Class X: 95.8%
- Participated in **State-level Spell-Bee** competitions for two consecutive years.

Technologies

Programming Languages: Python, Java, R, C/C++, MATLAB, SQL

Web Development: HTML, CSS, JavaScript

Python Libraries: NumPy, Pandas, Matplotlib, Seaborn, SciPy

Tools: Word, Excel, PowerPoint, Overleaf (LaTeX)

Projects

Hangman Game

- Java-based word guessing game using OOP concepts such as classes, encapsulation, and modular design

Highest Grossing Movies Data Analysis

- Python-based analysis uncovering trends in global box-office data using Pandas and visualization techniques

Spotify Data Analysis

- Exploratory data analysis using R to derive insights from music trends and user preferences

OptiCrop

- Machine learning-based crop recommendation system using soil and weather data

Certifications

Machine Learning Certification – SmartBridge and Google for Developers

- Gained hands-on experience in supervised and unsupervised learning, including data preprocessing, feature engineering, model building, and evaluation for predictive modeling.

Cloud Practitioner Certification – Amazon Web Services (AWS)

- Developed foundational knowledge of cloud computing, AWS services, security, and architecture

Data Fundamentals – IBM SkillsBuild

- Built a strong foundation in data analysis, visualization, and data-driven decision making

Achievements

- My venture, **Toddlers**, was recognized by faculty and industry experts as a high-potential startup idea under the **Wadhvani Entrepreneurship Network**. I was offered incubation support, mentorship, and resources to help scale the concept.
- Secured **first-division** in Carnatic Music (Vocal) certification course offered by the esteemed **Potti Sreeramulu Telugu University, Telangana**

Leadership Roles

- **Deputy Club Manager – Microsoft Student Chapter**: Progressed from **Lead** to **Head of External Affairs**, then **Community Manager**, and finally **Deputy Club Manager**, demonstrating consistent leadership growth.
- **Lead, Outreach Team – Microsoft Student Chapter**: Spearheaded speaker engagement and event outreach, coordinating with tech professionals to organize impactful webinars and sessions that boosted chapter visibility and member participation.
- **Member, Creative/Design Team – Laetitia Club**: Contributed to branding and promotional content, combining design thinking with collaboration to enhance event engagement and club identity.

Languages

- **Proficient**: English, Hindi
- **Native**: Telugu

Extracurriculars

- A promising **Carnatic music singer**
- Creative in designing **clay artworks**
- A skilled **badminton player**
- A passionate participant in various **Bhagavad Gita** competitions
